Business Hours: Rainbow Ridge Nursery is primarily a mail order nursery. Orders can be placed by mail, fax or email at any time of the year or by phone during normal business hours (10am to 4pm Monday to Friday except public holidays).

Payment Terms: Please make payment with orders unless other arrangements have been made. Mastercard, Visa and American Express facilities available.

Postage: For retail customers in NSW, VIC, QLD, SA, TAS, NT – allow $16.00 WA – allow $25 (covers express post, treatment costs and certification). WA customers please note that we understand that the WA Authorities are starting to charge for inspecting plants once they arrive in WA. Our charges listed above do not cover such costs.

Time of Delivery: PLEASE READ CAREFULLY:
Please note that iris will not be dug and mailed during the iris bloom season. Orders will be taken (with payment) for Tall Bearded, Median, Spuria and Louisiana iris and plants will be despatched by mail as soon as possible after the bloom season has finished. Despatch usually commences late November but some orders may not be processed until after Christmas/New Year. In general, orders will be processed in order of receipt - so it is best to be early. Please indicate on your Order Form if you require pre-Christmas delivery and we will do our best. Californian iris pots are available at the NSW Region Iris Society Show and by appointment only at Burnt Yards. Bare Rooted Californian Iris need to be ordered on the separate order form provided and will be despatched approx May to June 2019 when the plants are semi dormant.

Please note: For retail orders from this catalogue, but excluding collections as offered on page 88 and bare rooted Californian Iris, we will include gift plants in appreciation of your order.

Substitutes: If a particular variety is sold out, we will substitute to the closest colour and of equal or greater value (at no extra cost to the purchaser) unless explicitly requested not to do so.

Photos: Photos are indicative only.

INTRODUCTION

Welcome to our 2018 online catalogue in which we offer a range of new tall bearded iris from John Taylor, plus a wide selection of the latest and best iris from around the world. A printed catalogue is also available, while stocks last. The printed catalogue is an abbreviated version of the online catalogue. The printed catalogue features all the photos included in the online catalogue plus some additional garden shots.

We have had a very exciting 2017/2018 including receiving many awards for our iris. **TB OUR MAN BUCK** won the 2017 Dykes Medal. That makes 20 Dykes Medal wins for Graeme! The Alan Johnson Medal (best Bearded Iris in the NSW Region trial garden) was given to John's **TB Seedling 14L41-1 (BOYD X TREASURED)** and **PCNI Seedling 14-202** won the Gordon Loveridge Medal (best Beardless Iris in the NSW Region trial garden). Awards of Merit were received for TBs **FOR ONE NIGHT**, **MAGICAL CHARACTERS**, **NEW YEARS KISS**. Tay won awards with **GRAPETIZER**, **COAL FACE** and **EDGE OF PARADISE** at the annual ISA show 2017.

We are also excited with the many new iris we have imported over the last few years from the US and now have growing on. Some appear in this year's catalogue and others will be released over coming years.

Due to the positive response from last years catalogue we have again included a selection of Spuria Iris. Spuria iris are magnificent garden subjects and we strongly recommend them to you. Also, while not listed in the catalogue we continue to sell lots of Louisiana iris. We have replanted all the Louisiana Iris but for this year we will only be selling Louisiana as collections of mixed colours (all labelled and named) at $10 per plant. See page 34.

The NSW Region of the Iris Society of Australia will hold its 2018 Annual Show on Saturday and Sunday **20th/21st October 2018** between 11am and 4pm on Saturday and between 9am and 3pm on Sunday at the **BLACKHEATH COMMUNITY HALL, Great Western Highway, BLACKHEATH**. We will be there with a stall selling bare rooted TBs and potted Californian Iris.

The **MILLTHORPE GARDEN RAMBLE** for 2018 will include **EIDOLIA PARK** in the 10 featured gardens for the year. 10am to 4pm **Saturday 3rd and Sunday 4th of November 2018**. Tickets are $25 for all 10 gardens. **This will be the only weekend that EIDOLIA PARK is open**. Don't miss the opportunity to see all the newly renovated areas that have evolved over the last couple of years. Visit Sharon in the shed to receive the new 2019 catalogue and see the flower display and purchase Tall Bearded and Californian Iris at weekend special prices.

John's garden EIDOLIA PARK was also featured in the spring edition of **CENTRAL WEST LIFESTYLE MAGAZINE** - "SPECTACULAR GARDENS MILTHORPE". This gives you an impressive overview of what you can see on Ramble Weekend.

We are also looking forward to having a stall at the 2019 Collectors Plant Fair at HAWKESBURY Racecourse. For more details visit www.collectorsplantfair.com

We hope you enjoy our new catalogue and we look forward to seeing you in the spring.

**CIRCLE OF LOVE**

**DECADENT PARTY**
Bearded iris (tall bearded, medians and dwarfs) are hardy perennials grown from rhizomes. They are ideal plants for the southern states (VIC, TAS, SA), inland and high country areas of NSW and QLD, coastal NSW south of the central coast and Southern WA. They are not well suited to northern coastal NSW or coastal Queensland.

Bearded iris like cold winters and fertile, alkaline soil. Bearded iris should be planted in open positions that get as much sun as possible. Avoid the use of animal manures near the rhizomes as this may induce rot. We incorporate a small handful of an 8-9 month slow release fertilizer at planting time. Rhizomes are best planted 30cm-50cm apart and such that the top of the rhizome is at ground level. For best results, planting should be done between November and April but bearded iris can be moved at any time of the year without risk of loss. Clumps should be lifted and divided every 3-4 years.

Once planted the rhizomes should be well watered in for about three weeks to a month and then treated as a normal garden plant.

Bearded iris are classified according to height of bloom spikes and bloom period. Dwarfs grow to a maximum height of 40cm, medians from 41cm-70cm and tall bearded are above 70cm in height. The dwarfs flower first followed by the medians with the talls the last to flower. Tall bearded can be chosen for their successful cultivation in the Sydney district.

The time of bloom indicated in the descriptions in this catalogue is when they bloom for us and height of spike is approximate for our growing conditions. Whether a variety reblooms is also based on our experience. There will be variation from area to area and garden to garden.

**TALL BEARDED IRIS - New Releases**

**CIRCLE OF LOVE** (Taylor 2019 J6-2 E-M 90cm) Standards are white, as are the falls that are edged with a blue-violet. Beards are white. Slight fragrance. This iris is fantastic on all levels, with form a standout. Wonderful branching makes this a sure show winner. (PERFECT UNION X QUEEN'S CIRCLE) $60

**DIVIDE AND RULE** (Taylor 2019 12J23-1 M 90cm) Standards are white with a slight violet flush with white style arms. The falls are wine, edged lighter with tangerine tipped white beards. Great colour combination. Bred from two self coloured iris of distinction this near amoena has tremendous breeding potential. (WINE FROM THE VINE X LYZ TAYLOR ) $50

**DECADENT PARTY** (Taylor 209 12J11-1 E-M 90cm) Standards are blue with a lighter edge, style arms are blue violet. The falls are white with a blue-violet edge with darker hafts. Beards are pale blue tipped mustard. Quick increaser. From a cross which makes this a serious hybridizer’s dream. (PARTY’S OVER X DECADENCE) $50
FULL MOON PARTY  (Taylor 2019 13L109-1 VE-E 90cm) Standards, style arms and falls are all yellow. Falls have a white blaze below the yellow beard. Full Moon Party is very early, often being the first T.B to bloom. The multiple buds and superb bud placement ensure a nearly perfect exhibition iris for an early show. Strong grower and quick to increase. (AUSTAR GLOW SIB X DANCING IN LEMON) $60

IMELDA’S SECRET (Taylor 2019 14L6-1 M-L 105cm) Standards are very pale mauve-white with matching style arms. The falls are very pale mauve-white with slightly darker hafts. Beards are white tipped orange. A very pretty iris. Great growth, and quick to multiply this delightful pastel produces excellent show spikes. (ADLEMI X RITE OF PASSAGE) $60

JANE’S PERSUASION (Grosvenor 2019 F54-1 M 92cm) Standards are blue-violet with laced edges. The falls have a paler centre with the same laced edge. Nice red beards pop against the colour of violet. A pronounced fragrance. This iris has its great growth inherited from its parent ADLEMI. It produces quality show spikes (SAFARI SUNSET X ADLEMI) $45

KYLIE AND I (Taylor 2019 I29-3 E-M 90cm) Yellow self including the beards. Sweet fragrance. Lacy standards and great balance ensure quality flowers on healthy plants. Very bright and lovely. (FORBIDDEN FRUIT X AUSTAR PINK) X DANCING IN PINK $55

LUCY MY LOVE (Taylor 2019 14L22-1 VE-M 105cm) Standards and style arms are apricot. Falls are white ground, yellow blending to apricot edge. Beards are tangerine. Exceptional form and vibrant colour make this a garden standout and one of our favourites. Great show potential for an early show. (BARBARA MY LOVE X ADLEMI) $65
MAGICAL TREASURE (Taylor 2019 14L257-1 M-L 105cm) Standards are yellow with an apricot-pink infusion, style arms are apricot-pink. Falls are white with apricot-yellow at hafts, a pale yellow edge with tangerine beards. Slight fragrance. The clarity of colour ensures this a garden standout. Lots of buds and show spikes. (MAGICAL MOONLIGHT X SILENT SCREEN STAR) $50

MARKET ORDER (Taylor 2019 14LD39-1 M 88cm) Standards and style arms are peach-pink. Falls are similar with a lighter area enhancing the tangerine red beards. Form is immaculate and the champion show spikes abound on this vigorous grower. One of the best in not THE best iris we have produced. However, it is untried outside the home garden. Bred from two of Joe Ghio's best iris - Joe would be proud. (BOWLED OVER X TREASURED) $75

MOONLIT MAGIC (Taylor 2019 J9-2 M 85cm) Standards are buff with a violet infusion at the midribs, the style arms are buff with a violet stigmatic lip. The falls are buff with darker hafts and edge. Bright tangerine beards highlight a wonderful flower. Beautifully ruffled. Growth is quick. (MAGICAL MOONLIGHT X SILENT SCREEN STAR) $55

NIGHT ON THE TOWN (Grosvenor 2018 D13-04-1B E 100cm) Standards are very dark purple with purple falls, darker near the edge. Beards are brown tipped purple. This is a superb iris from Graeme which has been overlooked in preparing catalogues and should now be released. It is quality all the way with colour, form, balance and growth to justify its late inclusion in our offerings. One of the best! (ENNoble X DIABOLIQUE) $45
SEVEN THE BLACK (Grosvenor 2019 D75-1 M 85cm) Standards are dark purple black. Falls are darker black-purple with a textured sheen. Very dark purple beards. A slight sweet fragrance. Another outstanding iris that we should have released earlier, better late than never! It makes a wonderful dark show in the garden. (PETER'S VIRGINIA X DIABOLIQUE) $50

SWEET CAROLINE (Taylor 2019 I6-4 M 91cm) Standards are rose-tan and have a violet blend, style ares are apricot-tan with darker lines. The falls are rose-burgundy-red with bronze-yellow beards. It is a colourful garden iris, bright but not gaudy. Easy grower with plenty of buds. (LOUISA'S SONG X BRIGHT MIA) $55

TREASURED PRESENT (Taylor 2019 14L58-1 E-M 100cm) Standards are greyed violet with darker violet midrib. Style arms are greyed violet. Falls are pale greyed violet with violet and tangerine beards. Slight fragrance. Very beautiful and unusual colour. Treasured has been one of our best parents and this is a lovely pastel which is very bright despite its colour description. Excellent form and balance, quality spikes and good growth and vigour. (CHRISTMAS PRESENT X TREASURED) $60

WENDEL (Taylor 2019 Z29-003 M 86cm) This excellent garden iris is a dark purple-black self with matching beards. It is a good grower that produces a mass of dark flowers to enhance the paler colours. (NIGHT GAME X HELLO DARKNESS) $50

*Notes on Culture*

Spuria Iris are the tallest of all Iris, growing to 1.5m with elegant flowers and attractive foliage. Spuria Iris require full sun and good drainage. Spuria Iris prefer a dry summer so are well suited to many areas of Australia. Leave undisturbed and allow to form large clumps for a great display. Once established, they provide beautiful bloom over an extended period towards the end of the bearded iris season. They die down and go dormant over summer and at this stage require little or no watering. The only problem with them is the small possibility of fungal diseases in autumn when the new shoots appear. This is a problem in high humidity areas and the application of a fungicide in late summer is recommended. We cannot guarantee to replace plants lost through fungal diseases so please give these iris the little extra care that they need in humid areas. Well rotted compost dug into the soil before planting will be beneficial to growth. Plant 5-10cms below ground level and water well when establishing for best results. Fertilise lightly with slow release, organic or inorganic fertilisers. Foliage is beautiful through winter and large clumps are a landscaping delight. They also make good cut flowers, cut before blooms fully open.

Notes on Culture
Californian iris, also referred to as Pacific coast iris, are native iris of the west coast of the US. They are, in general, evergreen and form small, compact plants that send up flowering spikes from early to mid spring. Foliage varies in height from 20cm to 45cm. Bloom sits beautifully above the foliage. While they are found in the foothills of higher ranges, Californian Iris are not alpine plants. They prefer high winter and early spring rain followed by long dryish summers. They tolerate cold in the winter and relish heat in the summer. While full sun is satisfactory in all but the hottest climates, most of these iris will grow best in a semi-shaded position. Care must be taken when dividing and replanting to have only young divisions and only when the new white roots are forming in late autumn, early winter. (mid May to early June). When planting it is very important not to let the root system dry out, and once planted the ground should be kept damp until the plants are actively growing.

Feeding Californian iris consists of a 9 month slow-release fertilizer in mid to late May and then a light feed with a general rose food in early spring. Californian iris can be used extensively in different garden situations. They can be used to give spectacular displays over a long period either as mass plantings in large garden beds or as long rows along paths or driveways. They are also great as feature or spot plantings among other perennials or annuals, they shine like beacons. Another great use is under planting for standardised plants in circular or square beds.

Because these iris grow so well in pots, they can be grown to large potted specimens or used as companion plants in pots of various sizes with other perennials or annuals.

Plants come in a wide range of warm and cool colours - yellow, orange, gold, russet, red, white, shades of blue, violet and purple through to black. There are also pink, apricot, mauve, peach, orchid and heliotrope. With their veining and signal patches many of the Californian Iris are bicolours and bitones. Blending and contrasting styles also add to the beauty.
